

Darwin Karting Association – NT Title June 2010

OPEN INVITATION

Dear Fellow Karters

Have you planned your annual karting holiday for 2010? If you haven't, then consider a trip north and come to what's widely considered one of the best state titles in Australia.

The Darwin Karting Association (DKA) is one of the most progressive motor sports clubs in the Territory and has a proud record of independence, club management, facilities and infrastructure. The DKA operate an International standard kart racing track (now under lights), from within the Hidden Valley Motorsports Complex and is considered one the best designed in the country.

If you haven't already heard, Darwin will host the National Sprint Kart Championships in 2012.

The Darwin Title is held in the cooler months of June and is normally run the weekend before the very popular V8 Supercar event at Darwin's Hidden Valley race circuit. This year however, to coincide with school holidays, the NT Sprint Kart Titles will be held the weekend following the V8's on 24th – 27th June.

The DKA and its members pride themselves on welcoming and sharing knowledge with our friends from interstate and it is widely known as the most relaxed, very sociable, but still highly competitive Kart Titles event.

A popular feature of our Titles is the Sunday Presentation dinner, motard and quad-bike demonstration, and of course the night traditionally finishes with a bang.

So why wait until 2012, make your 2010 holiday destination Darwin. Pack the karts, grab a few mates and share the Darwin Titles experience and gain that early knowledge in readiness for the National Titles in 2012.

For more information sign onto our DKA website at www.dka.org.au and make contact with one of our friendly committee members.
